The Improved Boler

The new Boler combines proven design with the improvements that our customers have suggested.

The aerodynamics are still the same, but the color schemes have been livened up. We've kept our weight down while adding useful accessories such as a porch light and space-maker shelving over the dinette.

Experience shows in our attention to detail. All bunks have louvers to provide greater ventilation. The fluorescent light is shielded for soft, diffuse lighting. A snap-on utility pouch is provided for maps and important papers. Cooking odors are vented to the outside with an attractive range hood.

Boler has always been the most reasonable choice. Now, it's also the most appealing!

Three Better Bolers to Choose From

Scout

2860.00

The Scout has all the basic camping equipment, but no frills. Includes 2-burner propane stove, stainless steel sink, 10 gallon water reserve, sleeping accommodations for four. Rides on a 1,250 lbs. capacity forward arm axle. Available only with 2 cu. ft. ice box in a choice of avocado and white or yellow and white.

Voyageur

3575.00

The Voyageur includes all the basics plus decorator touches in accessories, upholstery and exterior color. These include an awning rail, mirror, porch lite, built-in storage space under the front bunk for a portable self-contained toilet, handy storage pouch, extra big louvered door window and a translucent dome vent. A two cubic foot 3-way refrigerator is standard, and a 6,000 BTU heater is optional. Rides on a heavy-duty 1,650 lbs. capacity brake option axle. Available in an attractive choice of two-tone colors: ginger brown or harvest gold.

Deluxe

3900.00

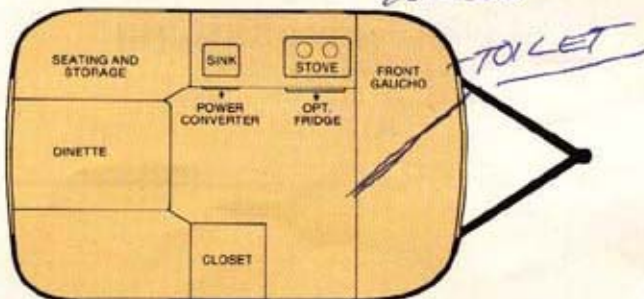

This luxury Boler has all our regular optional equipment. Full Voyageur equipment is standard, plus a front window cover, spare tire and cover, propane tank cover, sink cover, soap dish, towel rack, stove cover, space-maker shelf with nite-lite, portable self-contained toilet, visual propane gauge, deluxe upholstery, plush carpeting and full wheel discs. Rides on a heavy-duty 1,650 lbs. capacity brake option axle. Available in desert white or all white with decorative striping.

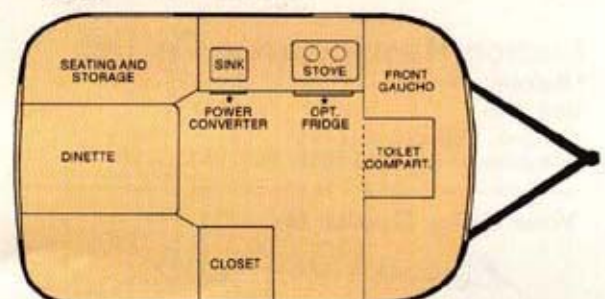

Floor Plans

742 \$3700.00 2 sleeper

Scout

Voyageur and Deluxe

Inside and Outside, Boler Incorporates the Most Wanted Design Features.

The Boler

The Boler is compact, yet offers loads of living and sleeping space for four. Whether you choose the basic **Scout**, the **Voyageur**, or the luxurious Boler **Deluxe**, you'll be at home in any camping area.

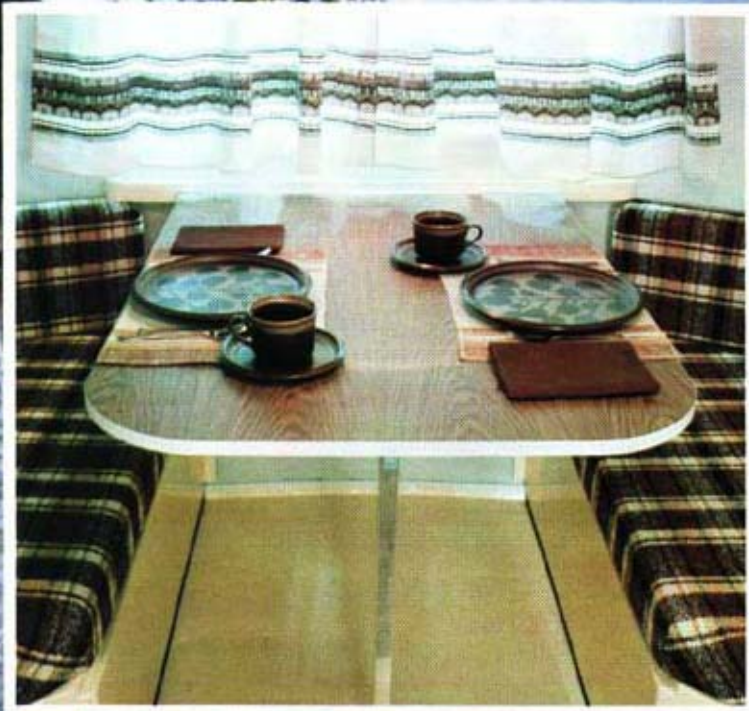

We've provided storage space for all the gear you'll take along when you camp and travel. There's storage under the dinette benches, under the front gaucho, in kitchen cabinets. There's even a full length wardrobe!

You'll love the contemporary color schemes and low maintenance surfaces and upholstery fabric.

Four opening windows plus roof vent will keep you cool on warm summer nights. The ensolite laminated insulation will help you enjoy your fun season from early spring into late fall.

Our unitized fiberglass body is aerodynamically designed to minimize air resistance and maximize your fuel economy. You can tow a Boler with **any** car.

A week-end near home, a cross-country trip, a new Boler is **your** way to follow the fun!

Accessories

Tailor a Boler to meet your needs with many choices of accessories.

HEATER — Propane heater complete with external venting provides the necessary source of heat to remove the chill of cool camping nights.

REFRIGERATOR — a 2 cubic foot convenience providing storage for containers of all shapes complete with adjustable racks, easy to maintain interior, freezer compartment and decorative exterior door. Operates on 12v., 110v., or L.P. gas.

SPACEMAKER DINETTE SHELF — Located above the dining/sleeping area this handy casual shelf provides additional space for storage.

SINK COVER — This handy option covers the sink to provide additional working surface in the galley area to aid in meal preparation.

STOVE COVER — Mar resistant stainless steel stove cover protects the cooking surface when not in use as well as enlarging the working surface of the galley.

AWNING — Spring loaded system 6½ x 8 feet. Striped, sturdy armored duck vinyl finish. Deluxe awning has zippers for optional add-a-room walls.

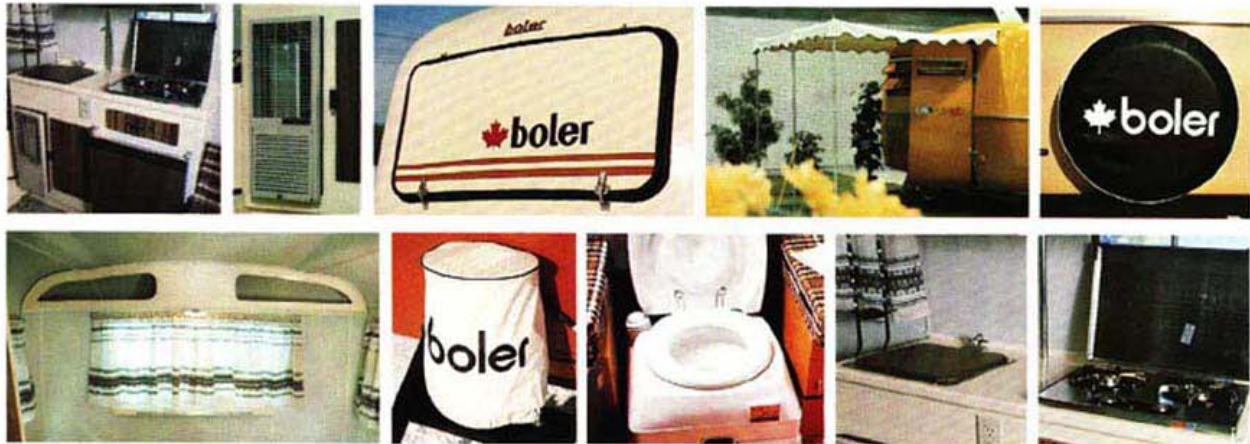

ADD-A-ROOM WALLS — Designed to zipper to awning. Roomy and bright. Adds 52 sq. ft. of living space to your home on wheels. Three large screened windows.

TANK COVER — Color co-ordinated vinyl cover protects the propane tank bottle and valve from any damage which may occur during travel.

SPARE TIRE — Mounted to the rear of your trailer for quick and convenient changing in case of one of those awkward "flats".

TIRE COVER — Color co-ordinated vinyl cover provides protection for your spare tire from the elements and assures that it is in excellent condition if the need for use arises.

TOILET — This two tank portable system is designed to fit in the front opening bunk cavity. The system contains a fresh water tank and holding tank which are controlled by a flush operation. These tanks are easily separated for convenient loading of fresh water or unloading at the camp sanitation area.

Keeping Your Boler Looking Like New

Exterior:

Your "Boler" is moulded of reinforced polyester fiberglass. To maintain the shine and luster of the outside surface, polish your Boler twice a year (preferably spring and fall) with any automotive polish in the same manner you would your car. Also, clean windows with a soft cloth.

Interior:

The interior of your Boler also is moulded of reinforced polyester fiberglass. Its surface has been designed to accommodate normal cleaning using soap and water.

Do not use harsh cleansers containing grit, nor should you apply steel wool or similar abrasive material to interior surfaces. If it is necessary to remove marks or stains, any commercial chemical cleanser will do the job without damaging the surface.

Boler Warranty

This company will replace or repair for one year to the original purchaser, at no charge, any part or workmanship found upon examination by the company to be defective under normal use and service.

This warranty is the only warranty applicable to this recreational vehicle. It is expressly in lieu of all other expressed or implied warranties. The duration of this limited warranty is in no case longer than one year from the date of original purchase.
