*Trillium...all the luxury you want...all the size you need*

The name Trillium has earned the total respect and admiration  
of the Compact Trailer World. This year marks the appearance of . . .

## *Six Impressive Models... Each a Triumph of Distinction*

Each has its own special appeal to those who appreciate  
the many rewards of luxury in a lightweight package.  
You'll discover seating, sleeping and washroom options that allow you  
to select a 13' or 15' trailer specifically to match your requirements.  
The small car owner will enjoy economy in both space and upkeep  
and yet plenty of built-in comfort.  
You'll find that in addition to the size and styling options . . .

## *Trillium Builds in Quality and Lasting Performance*

That's because the Trillium unibody has  
no bolts to loosen - no sections to come apart,  
and the smooth, easy-to-clean molded furniture parts double as structural members  
to keep weight low, space useable and utilization high.  
But the big feature of Trillium Recreational Vehicles is "Comfort".

## *"Comfort through Convertibility"*

It is this concept that makes Trillium appeal to the compact buyer . . .  
you, who like to have your pleasure in a lightweight package  
free of cumbersome travel and costly towing.  
Comfort that folds out from the wall and converts back again  
as the demands of the day change.  
You gain a true affection for your home on wheels —  
an affection that seems to increase as the years and miles go by.  
An affection that supports the concept of  
luxurious camping in an economical and care-free style.

## *Take a Look and You'll be Ready to Travel*

## DAY CONVERTS TO NIGHT

### 4500 FRONT GAUCHO PLAN

- Dinette and optional swing-down bed. Both convert to double beds.
- The gauchos are transformed into bunk beds by raising the back cushion.
- The portable potti, standard in most models, hides away in a special locker.

## DAY CONVERTS TO NIGHT

### 4500 WASHROOM PLAN

- Dinette and optional swing-down bed. Both convert to double beds.
- Love seat/pop-up counter combination folds away to provide additional floor space or large washroom.
- Privacy is attained by a folding door which closes off washroom.

### 1300 FRONT GAUCHO PLAN

Both 4500 plans shown are also available in the 1300 model with slight modifications in dimensions and detail. The Trillium 1300 has enjoyed years of success in Canada and the United States and now shares the limelight with its big sister the Trillium 4500.

### 1300 WASH- ROOM PLAN

1. Trillium offers remarkable spaciousness in a small package.
2. Color co-ordinated drapes. Cushions have removable zippered covers. Generous-sized dining area.
3. Large dining table converts to cocktail size table for after dinner use.
4. Dining area converts to full size double bed.
5. Optional swing down double bed provides additional sleeping area and swings neatly away when not in use.
6. Front-end bunks provide comfortable adult-size sleeping area and convert to a spacious gaucho seating area by day.
7. Gaucho seating area.
8. Guard rail, standard in some models, secures top bunk occupant and is easily affixed and removed.
9. Self contained, easy-to-maintain portable toilet fits neatly into its own compartment below the gaucho when not in use.
10. Large 30" x 6'5" washroom model with vanity is an alternative to the gaucho model. Folding doors offer complete privacy.
11. When not required, folding doors close off toilet and a fold-down love seat provides additional seating. Love seat also converts to pop-up counter of similar size (not shown).
12. Washroom model provides a brightly lit vanity that may be enjoyed with privacy doors in open or closed position.
13. Trillium's storage concept makes every space workable. It offers a closet for hanging garments as well as open and closed shelf space.
14. A handy catch-all tucks away those little loose things you forget about and keeps them secure while travelling.
15. Drawers appear everywhere - even in unlikely places. The cutlery drawer built into the dining/cocktail table stays within reach in either position. Carpets are easily removed for shaking out sand.
16. Large butcher block cutting board makes food preparation easy and reveals a stainless steel sink when removed.
17. Three burner L.P. gas range is made of easy-to-clean stainless steel. Handy 'pop-up' counter provides additional work space.
18. Stainless steel sink is served by a fresh water tank and manual pump with separate city water intake and faucet.
19. Three-way refrigerator operates on 12 volt, 110 volt and propane gas.
20. Outside vented L.P. gas heater with automatic thermostat keeps late fall and early spring travelling cozy and comfortable.

1. Optional air conditioner makes travelling in southern areas truly comfortable. Compliments Trillium's clean aerodynamic exterior styling. Large roof vent is standard on all models.
2. Optional rubber gravel shield protects the finish. Optional propane tank cover enhances your Trillium.
3. Front window guard opens to provide awning over louvered window.
4. All windows open to provide cross ventilation.
5. Rear window doubles as escape hatch.
6. All windows are equipped with removable screens and may be fitted with optional storm windows.
27. A soft, safe ride is assured through independent torsion bar suspension.
28. Easy-to-maintain wheel wells are part of the body mold. Nothing to corrode or shake loose. Electric trailer brakes, as shown above, are standard on some models.
29. Vinyl wheel cover protects the spare. Easy....Clean....Accessible. Gives your Trillium a 'finished' look.
30. Deluxe, full wheel discs add a sporty look to give your Trillium a more luxurious appearance.
31. Add-a-room walls with three large screened windows zip onto awning and add plenty of extra living space.
32. Colorful vinyl awning gives relaxing shade from the hot summer sun. Provides framework and roof for the Add-a-room option (31).
33. Self supporting automatic roll-up awning is stored on trailer. Adjustable poles secure awning in open position. Free of upright supporting poles.
34. Modern reinforced fiberglass techniques are used in Trillium manufacturing. Color is chemically bonded gelcoat paint molded in for enduring beauty without maintenance.
35. Trillium trailers are carefully inspected by the quality control department prior to shipping.
36. Trilliums are shipped daily from our plant in Markham, Ontario to dealers across Canada and United States.
37. The home of Trillium Industries is 60,000 square feet of modern production facilities located in Markham, Ontario on the outskirts of Metropolitan Toronto. Trillium Industries has met and surpassed CSA and RVIA standards covering electrical requirements, propane gas stipulations, plumbing services, structural soundness and vehicular safety. Look at the "Seal of Excellence" displayed on the side of every Trillium. Let it be your guide to the purchase of a quality product.
